To: Erin Farrell

Last year, the Student Government Association donated \$1,500 to help the Office of Housing pay expenses for repair and maintenance of the ice machines in the residence halls.

This year, we expect these costs to once again exceed \$3,000. We would appreciate anything the SGA would be willing to give to help meet these costs so that we can continue to provide this service to our students.

I would be pleased to discuss this at your convenience. Thank you for your consideration.

RE: NAMES Project Quilt

It's hard to believe but we are only two and half weeks away from having the Quilt on campus. We need to get busy as Arsino would say. So on Wednesday, October 23rd at 7pm, I would like to have a meeting to get organized, again, at my house. Yes, I promise to make a cheese ball if that will get you there!

Please let me know if you need directions to the house, a ride or if you would not be able to attend. Again, this will be a very important and busy meeting. Those that I have had an opportunity to talk with are very excited about us being a part of this educational experience.

Until then - C Ya!

MEMORANDUM

MOREHEAD, KENTUCKY 40351

TO: Tim Rhodes
FROM: Larry Stephenson *LS*
DATE: October 17, 1991
RE: Repair and Maintenance of Ice Machines

I have received your memo of October 1, 1991, in regard to the request for assistance from SGA to repair and maintain the ice machines in residence halls.

This has been discussed by the SGA and I have discussed this with you. When these machines were purchased a number of years ago, an additional cost was incurred for adapting them to charge for ice. The SGA agreed to pay approximately one-half the total cost of the machines. The SGA agreed for the University to retain all receipts and the University agreed to provide all repairs. Of course, the coin mechanisms have since been removed. I am aware that SGA has assisted in the past with repair expense. I am also aware that office budgets have also paid repair expenses.

This SGA Administration has discussed and will recommend to the Student Congress that approximately \$10,000 be divided between the RHA and the residence halls. The allocation per hall has not yet been determined. Each hall will receive a portion of these funds for physical improvements, equipment or repairs.

I have been asked by the SGA to inform you of these plans and that if these funds are given to the halls, the SGA will not give additional funds for repairs to the ice machines. It is the feeling of the SGA Executive Committee that each hall should evaluate their needs and if they feel that ice machines are their need, they should use the funds allotted to repair their own machines. This also may have each hall be concerned with vandalism to the machines if they are required to pay for repairs.

I will inform you of the allotted amounts once the Student Congress approves an allocation to the residence halls.

Dear Representative Perkins

I am a student at Morehead State University, one of many schools in your district. I am active with Student Governments Associations both on campus and nationally.

During Reauthorization of the Higher Education Act, I urge you to work to make Pell Grants an entitlement for all of our nation's students, including those that are in the Seventh Congressional District. If Pell Grants were an entitlement, low and middle income students would not have to take out so many loans to finance their education, and would see higher education within their reach. In other words, a Pell Grant entitlement would be an investment in our country's future, as well as the future of this state and this area.

Thank you for your time and consideration.

Sincerely yours

Student Government Association

***The Student's Voice
at MSU***

What is SGA?

SGA is the Student Government Association of Morehead State University. It was formed to "represent the student body more effectively, to further the interest of the student, and to uphold and promote the ideals, principles and objectives of the university." SGA is the student's voice on campus. Students are encouraged to come to the meetings to make suggestions, to give ideas, or to make complaints. We feel that it is important to represent the students, not just ourselves in SGA.

What makes up SGA?

SGA consists of three branches: the executive, the legislative, and the judicial. The executive branch consists of the president, vice-president, secretary, treasurer, public relations director, and programs director. The legislative branch is made up of class representatives, residence hall presidents, commuter representatives, and married housing representatives. The executive branch elections are held each spring and the legislative branch elections are held each fall. All full-time students can vote in these elections. The judicial branch is comprised of the Student Court, which is appointed by the president with the approval of the student congress.

When does SGA meet?

SGA meets every Wednesday at 5 p.m. in the Riggle Room of the Adron Doran University Center (ADUC). The meetings are open to the public and we encourage students to attend. The SGA Office is located on the second floor of ADUC. Feel free to stop by or call at 783-2298.

A representative must be a member of the class that he or she represents during the first semester of his or her term of office or a member of the student segment that he or she represents for the entire term of his or her office.

How could I get involved in SGA?

SGA operates on a committee system. Each Congress member is required to serve on an SGA committee. Each committee works on their specific task of various projects and then reports their progress at the congressional meeting. You do not have to be an elected Congress member to work on any of these committees. We welcome you to serve on a committee.

Why should I get involved in SGA?

SGA gives you a place to develop leadership skills and to help you learn to work with people. Through SGA you will also meet and work with your fellow students, faculty, and administrators. SGA can help you by making improvements in your academic atmospheres, by getting you involved on campus, and by letting you help make MSU a better university. We are looking for concerned, interested students to be a part of SGA.

Want to know more?

If you are interested in serving on an SGA committee, just fill out the attached sheet and return it. If you do, you are in no way obligated to join SGA, but remember that SGA is here to serve you, the student. It is the student's organization on Morehead's campus. Take an interest and care about your university. Get involved with SGA today!

Response to Food Committee Concerns/Suggestions

- 1). A-1 Packets - they are not available from Sysco. 5 oz bottles are the only option.
- 2). Lean Pattie - is available from Sysco as a 3.2 oz pattie. Could offer product for \$1.63.
- 3). We have added garlic butter as an offering for the bread sticks.
- 4). We have added the 20 oz drink as an option on the Premium Plate Special - cost up \$.10 to \$2.84.
- 5). We can change the meal deals for including Curly Fries and any fountain drink for an additional \$.30. If approved we will have to reprint flyers.
- 6). We will change the cheese sauce in the Alumni Cafeteria to plain cheese sauce when we offer Nachos & Cheese.
- 7). Pepper Steak calls for 1.6 oz of cooked weight meat, 3/4 inch diced stew beef. Uneven distribution of meat when the batch is divided between serving pans could cause some portions to be served with little or no meat. We have discussed with our production staff. Please bring this to our attention if a future incident occurs.
- 8). We will offer a 3 oz breaded chicken breast on Buffet Ham with Supreme Sauce as an alternative entree on Steak Nite.
- 9). Breaded Mozz. Sticks are available. We have two concerns: price - would have to sell for \$.50 each, production - our fryers are at maximum capacity would not handle another item.
- 10). We are exploring Lo-Cal/Lite meal deals for our cash operations. Presently we do have available our Health Wealthy program on the Classic Line in Mainstreet and in the Alumni Cafeteria at Lunch and Dinner. We are working on developing something at the unit level. We will need corporate support to develop a chart similar to McDonalds for a breakdown of our entire cash menu. Our pocket stuffers, March National Promo, is along the lite line.
- 11). We have included a menu cycle for the Mainstreet Classic line. We can discuss variety concerns if necessary.
- 12). Hamburger Bar usage at lunch in Alumni Cafeteria is not significantly higher than the Hot Dog Bar or the Deli Bar. Average Servings of each: Burger 160-180 / Dogs 115-125 / Deli 90-110. Due to the popularity of all three items I feel we should keep the present variety.
- 13). Quality Problems: Deli sandwich not fresh, cold french fries, doughy bread sticks. Please bring all quality problems to our attention immediately so we can correct the problem immediately. As always we will gladly provide another product of good quality or refund your money.

- 14). Very Fine prices too high - we have to charge more for this product because of its' high cost to us. Our volume is not sufficient to qualify for high discount pricing. We have the same problem with canned pepsi product and 2 liter bottles. Our cost on 2 liter bottles is about what you pay downtown.
- 15). The cost of a croissant roll for us is twice that of our sub dough. We would have to sell Croissant Sandwiches for \$3.50 compared to \$2.74 for a deli sub.
- 16). Offer Tuna or Chicken Salad on the Deli. We have run this a few years ago. The problem was there was not enough product movement to justify making batches of the product, we would throw away almost as much as we would sell. Tuna salad pita sandwiches are offered as a blue plate special on the Classic line. Perhaps we can offer tuna salad wedge sandwiches in the Grab-N-Go cases for \$1.95.
- 17). Fresh Fruit is usually available on the Mainstreet salad bar three times a week. Based upon availability and quality we could offer a small salad container for \$2.48 or a small bowl for \$.65.
- 18). We will try Shish - Kabobs on the Classic Line sometime in February. Have not developed product, price is not available yet.
- 19). We will offer deli sandwiches in Mainstreet on white or wheat bread upon request. Selling price \$2.29.
- 20). We have placed a bell on the ice cream counter in the Plaza to speed service. Let us know if there are any further problems.
- 21). Frequent Diner cards are available at all registers. These cards provide a 10% discount after spending \$30.00 with us. Last semester 622 cards were completed and turned in for \$3.00 off. This was by far the largest redemption of a coupon we have had.
- 22). Enclosed is a competitive analysis of a variety of products we sell. We can discuss specific areas of concern.
